SEPTEMBER - OCTOBER

**New from
CSI**

DROP

PROTECT WHAT MATTERS
COMMERCIAL DROP CONNECT
by CSI

Commercial Triplex Softener System

DROP has been designed to make managing multiple water treatment tanks as simple as possible. You no longer need to program each valve and keep them synchronized! All **DROP** valves are controlled wirelessly by the Hub so that you never have more than one unit regenerating or backwashing at a time. **DROP** can manage up to four stages of water treatment, and each stage can contain up to 12 parallel tanks. Additional tanks can be added anytime to the system, so that a system can easily grow with the needs of a customer.

LOW PROFILE SQUAT UNITS

Do you have height restrictions? Crawl spaces? Under stairs? and need water treatment? **CSI** has you covered, squat units under 43 inches tall are perfect for those low clearance applications!

PART #	DESCRIPTION	\$ EACH
CWTWF15DN-S3-SQ	LOW PROFILE SOFTNER	\$719.00
CWTMS32VN-S3-SQ	WHOLE HOUSE LOW PROFILE	\$649.99
CWTNTF15LN-S3-SQ	LOW PROFILE NITRO	\$755.00
